

DEK, ASM's Printing Solutions Division ([asm-smt.com](http://asm-smt.com)), is the market-leading provider of SMT printing technologies.

LPMS USA ([lpms-usa.com](http://lpms-usa.com)) is the world's largest Low Pressure Molding Solutions provider

ASM's SMT Placement Division ([asm-smt.com](http://asm-smt.com)), provides SMT Placement Systems, production optimization software, and process expertise

MicroCare ([microcare.com](http://microcare.com)) is the industry leader in fast, efficient, safe and cost-effective cleaning of PCBs during rework and repair on the SMT assembly line.

CyberOptics Corporation ([cyberoptics.com](http://cyberoptics.com)) provides SPI, AOI, and CMM for SMT and semiconductor markets

mta automation inc. ([mtaautomation.com](http://mtaautomation.com)) provides a complete line of various automated soldering, dispensing, and assembly technologies covering a wide range of applications.

Despatch Industries ([despatch.com](http://despatch.com)) has specialized in thermal processing for over 100 years and manufactures batch and continuous process ovens.

Nathan Trotter ([nathantrotter.com](http://nathantrotter.com)) Established in 1789, Nathan Trotter produces high quality bar solder and solid wire for electronics assembly and industrial applications

Excelta Corporation ([excelta.com](http://excelta.com)) is an internationally known supplier and manufacturer of Precision Hand Tools as well as Custom Hand Tools for all types of industries.

Pillarhouse ([pillarhouse.co.uk](http://pillarhouse.co.uk)) combines engineering experience, software development and future thinking to provide cost effective and reliable selective soldering machines and equipment.

Great Lakes Engineering ([greatlakeseng.com](http://greatlakeseng.com)) is a trend-setting manufacturer of surface mount stencils, precision laser cut parts, photo chemical machined and electroformed stencils, and parts.

Protektive Pak ([protektivepak.com](http://protektivepak.com)) offers ESD solutions for material handling and packaging.

Hakko ([hakkousa.com](http://hakkousa.com)) produces superior quality soldering and desoldering tools, hot air rework stations, smoke and fume extraction systems, and a wide assortment of accessories and related equipment for the electronics industry.

Rico Products ([rico-inc.com](http://rico-inc.com)) specializes in the distribution of thermal interface materials.

Henkel's ([henkel-adhesives.com/electronics](http://henkel-adhesives.com/electronics)) leading brands of Emerson & Cuming, Hysol, Loctite, Technomelt, and Multicore have long been recognized as the product brands to trust for printed circuit board assembly applications.

SCS ([StaticControl.com](http://StaticControl.com)) is an industry leader when it comes to ESD protection.

KIC ([kicthermal.com](http://kicthermal.com)) offers an entire generation of smart profiling technologies for reflow ovens, curing ovens, and wave solder machines.

From crimping a terminal onto a wire or pressing a connector onto a board, TE Application Tooling equipment and services are designed to maximize production uptime, extend tooling life and minimize manufacturing waste.

Kolb Cleaning Technology ([kolb-ct.com](http://kolb-ct.com)) is a leading solutions supplier in the development of cleaning systems for the electronics manufacturing industry

Telsonic takes an innovative path to new solutions in Ultrasonic Metal Welding and splicing.

Komax ([komaxusa.com](http://komaxusa.com)) offers a comprehensive range of wire processing machines to meet the demands of modern wire processing requirements.
