

DEK, ASM's Printing Solutions Division (asm-smt.com), is the market-leading provider of SMT printing technologies.

ASM's SMT Placement Division (asm-smt.com), provides SMT Placement Systems, production optimization software, and process expertise

CyberOptics Corporation (cyberoptics.com) provides SPI, AOI, and CMM for SMT and semiconductor markets

Despatch Industries (despatch.com) has specialized in thermal processing for over 100 years and manufactures batch and continuous process ovens.

Excelta Corporation (excelta.com) is an internationally known supplier and manufacturer of Precision Hand Tools as well as Custom Hand Tools for all types of industries.

Great Lakes Engineering (greatlakeseng.com) is a trend-setting manufacturer of surface mount stencils, precision laser cut parts, photo chemical machined and electroformed stencils, and parts.

Hakko (hakkousa.com) produces superior quality soldering and desoldering tools, hot air rework stations, smoke and fume extraction systems, and a wide assortment of accessories and related equipment for the electronics industry.

Henkel's (henkel-adhesives.com/electronics) leading brands of Emerson & Cuming, Hysol, Loctite, Technomelt, and Multicore have long been recognized as the product brands to trust for printed circuit board assembly applications.

KIC (kicthermal.com) offers an entire generation of smart profiling technologies for reflow ovens, curing ovens, and wave solder machines.

Kolb Cleaning Technology (kolb-ct.com) is a leading solutions supplier in the development of cleaning systems for the electronics manufacturing industry

(komaxusa.com) With quality and efficiency requirements becoming ever tougher and component miniaturization ever more common, the industry is being pushed into automating an increasing number of processes. Komax offers a comprehensive range of wire processing machines to meet the demands of modern wire processing.

LPMS USA (lpms-usa.com) is the world's largest Low Pressure Molding Solutions provider

MicroCare (microcare.com) is the industry leader in fast, efficient, safe and cost-effective cleaning of PCBs during rework and repair on the SMT assembly line.

mta automation inc. (mtaautomation.com) provides a complete line of various automated soldering, dispensing, and assembly technologies covering a wide range of applications.

Nathan Trotter (nathantrotter.com) Established in 1789, Nathan Trotter produces high quality bar solder and solid wire for electronics assembly and industrial applications

Pillarhouse (pillarhouse.co.uk) combines engineering experience, software development and future thinking to provide cost effective and reliable selective soldering machines and equipment.

Protektive Pak (protektivepak.com) offers ESD solutions for material handling and packaging.

Rico Products (rico-inc.com) specializes in the distribution of thermal interface materials.

SCS (StaticControl.com) is an industry leader when it comes to ESD protection.

From crimping a terminal onto a wire or pressing a connector onto a board, TE Application Tooling equipment and services are designed to maximize production uptime, extend tooling life and minimize manufacturing waste.

Telsonic takes an innovative path to new solutions in Ultrasonic Metal Welding and splicing.
