

Advanced Cable Ties, Inc. is a worldwide supplier of Electrical and Wire Management products

LPMS USA (lpms-usa.com) is the world's largest Low Pressure Molding Solutions provider

DEK, ASM's Printing Solutions Division (asm-smt.com), is the market-leading provider of SMT printing technologies.

MicroCare (microcare.com) is the industry leader in fast, efficient, safe and cost-effective cleaning of PCBs during rework and repair on the SMT assembly line.

CyberOptics Corporation (cyberoptics.com) provides SPI, AOI, and CMM for SMT and semiconductor markets

mta automation inc. (mtaautomation.com) provides a complete line of various automated soldering, dispensing, and assembly technologies covering a wide range of applications

Despatch Industries (despatch.com) has specialized in thermal processing for over 100 years and manufactures batch and continuous process ovens.

Nathan Trotter (nathantrotter.com) Established in 1789, Nathan Trotter produces high quality bar solder and solid wire for electronics assembly and industrial applications

Desco (desco.com) is a complete ESD Solutions provider offering ESD control and other products for the electronics production industry.

Protektive Pak (protektivepak.com) offers ESD solutions for material handling and packaging.

Excelta Corporation (excelta.com) is an internationally known supplier and manufacturer of Precision Hand Tools as well as Custom Hand Tools for all types of industries.

SCS (StaticControl.com) is an industry leader when it comes to ESD protection.

Great Lakes Engineering (greatlakeseng.com) is a trend-setting manufacturer of surface mount stencils, precision laser cut parts, photo chemical machined and electroformed stencils, and parts.

ASM's SMT Placement Division (asm-smt.com), provides SMT Placement Systems, production optimization software, and process expertise

Hakko (hakkousa.com) produces superior quality soldering and desoldering tools, hot air rework stations, smoke and fume extraction systems, and a wide assortment of accessories and related equipment for the electronics industry.

From crimping a terminal onto a wire or pressing a connector onto a board, TE Application Tooling equipment and services are designed to maximize production uptime, extend tooling life and minimize manufacturing waste.

Henkel's (henkel-adhesives.com/electronics) leading brands of Emerson & Cuming, Hysol, Loctite, Technomelt, and Multicore have long been recognized as the product brands to trust for printed circuit board assembly applications.

Telsonic takes an innovative path to new solutions in Ultrasonic Metal Welding and splicing.

KIC (kicthermal.com) offers an entire generation of smart profiling technologies for reflow ovens, curing ovens, and wave solder machines.

Komax (komaxusa.com) offers a comprehensive range of wire processing machines to meet the demands of modern wire processing.
