From wave solder and conformal coating pallets to SMT fixtures, Ascentec (**ascenteceng.com**) designs tooling that can reduce defects, improve productivity and solve the most challenging of problems you face in PCB assembly.

DEK, ASM's Printing Solutions Division (**asm-smt.com**), is the market-leading provider of SMT printing technologies.

ASM's SMT Placement Division (**asm-smt.com**), provides SMT Placement Systems, production optimization software, and process expertise.

Critical manufacturing

Critical Manufacturing MES (**criticalmanufacturing.com**) helps manufacturers to digitalize their operations to compete effectively, and easily adapt to changes in demand, opportunity or requirements, anywhere, at any time.

CyberOptics Corporation (**cyberoptics.com**) provides SPI, AOI, and CMM for SMT and semiconductor markets.

Despatch Industries (**despatch.com**) has specialized in thermal processing for over 100 years and manufactures batch and continuous process ovens.

EXCELTA
SINCE 1957

Excelta Corporation (**excelta.com**) is an internationally known supplier and manufacturer of Precision Hand Tools as well as Custom Hand Tools for all types of industries.

GETECH (**getecha.com**) provides laser marking systems to help improve traceability in electronics manufacturing. In addition, if automated depaneling is a requirement, GETECH has a solution.

HAKKO

Hakko (**hakkousa.com**) produces superior quality soldering and desoldering tools, hot air rework stations, smoke and fume extraction systems, and a wide assortment of accessories and related equipment for the electronics industry.

Henkel's (**henkel-adhesives.com/electronics**) leading brands of Emerson & Cuming, Hysol, Loctite, Technomelt, and Multicore have long been recognized as the product brands to trust for printed circuit board assembly applications.

Jensen Global (**jensenglobal.com**) is an industry leader in dispensing systems, supplies and solutions.

KIC (**kicthermal.com**) offers an entire generation of smart profiling technologies for reflow ovens, curing ovens, and wave solder machines.

Kolb Cleaning Technology (**kolb-ct.com**) is a leading solutions supplier in the development of cleaning systems for the electronics manufacturing industry.

LPM USA (**lpms-usa.com**) is the world's largest Low Pressure Molding Solutions provider.

MicroCare (**microcare.com**) is the industry leader in fast, efficient, safe and cost-effective cleaning of PCBs during rework and repair on the SMT assembly line.

Nathan Trotter
Trusted for Over 200 Years

Nathan Trotter (**nathantrrotter.com**) Established in 1789, Nathan Trotter produces high quality bar solder and solid wire for electronics assembly and industrial applications.

Pillarhouse (**pillarhouse.co.uk**) combines engineering experience, software development and future thinking to provide cost effective and reliable selective soldering machines and equipment.

Protektive Pak (**protektivepak.com**) offers ESD solutions for material handling and packaging.

SCS (**StaticControl.com**) is an industry leader when it comes to ESD protection.

South-Tek Systems (**southteksystems.com**) is the world's leading designer & manufacturer of nitrogen generation technology.

(**te.com**) From crimping a terminal onto a wire or pressing a connector onto a board, TE Application Tooling equipment and services are designed to maximize production uptime, extend tooling life and minimize manufacturing waste.

Telsonic (**telsonic.com**) takes an innovative path to new solutions in Ultrasonic Metal Welding and splicing.
