From wave solder and conformal coating pallets to SMT fixtures, Ascentec (ascenteceng.com) designs tooling that can reduce defects, improve productivity and solve the most challenging of problems you face in PCB assembly.

DEK, ASM's Printing Solutions Division (asm-smt.com), is the market-leading provider of SMT printing technologies.

ASM's SMT Placement Division (asm-smt.com), provides SMT Placement Systems, production optimization software, and process expertise.

Critical Manufacturing MES (criticalmanufacturing.com) helps manufacturers to digitalize their operations to compete effectively, and easily adapt to changes in demand, opportunity or requirements, anywhere, at any time.

CyberOptics Corporation (cyberoptics.com) provides SPI, AOI, and CMM for SMT and semiconductor markets.

Despatch Industries (despatch.com) has specialized in thermal processing for over 100 years and manufactures batch and continuous process ovens.

Excelta Corporation (excelta.com) is an internationally known supplier and manufacturer of Precision Hand Tools as well as Custom Hand Tools for all types of industries.

GETECH (getecha.com) provides laser marking systems to help improve traceability in electronics manufacturing. In addition, if automated depaneling is a requirement, GETECH has a solution.

Hakko (hakkousa.com) produces superior quality soldering and desoldering tools, hot air rework stations, smoke and fume extraction systems, and a wide assortment of accessories and related equipment for the electronics industry.

Henkel's (henkel-adhesives.com/electronics) leading brands of Emerson & Cuming, Hysol, Loctite, Technomelt, and Multicore have long been recognized as the product brands to trust for printed circuit board assembly applications.

Jensen Global (jensenglobal.com) is an industry leader in dispensing systems, supplies and solutions.

KIC (kicthermal.com) offers an entire generation of smart profiling technologies for reflow ovens, curing ovens, and wave solder machines.

Kolb Cleaning Technology (kolb-ct.com) is a leading solutions supplier in the development of cleaning systems for the electronics manufacturing industry.

LPMS USA (lpms-usa.com) is the world's largest Low Pressure Molding Solutions provider.

MicroCare (microcare.com) is the industry leader in fast, efficient, safe and cost-effective cleaning of PCBs during rework and repair on the SMT assembly line.

Nathan Trotter (nathantroutter.com) Established in 1789, Nathan Trotter produces high quality bar solder and solid wire for electronics assembly and industrial applications.

Pillarhouse (pillarhouse.co.uk) combines engineering experience, software development and future thinking to provide cost effective and reliable selective soldering machines and equipment.

Protektive Pak (protektivepak.com) offers ESD solutions for material handling and packaging.

SCS (StaticControl.com) is an industry leader when it comes to ESD protection.

South-Tek Systems (southteksystems.com) is the world's leading designer & manufacturer of nitrogen generation technology.

(te.com) From crimping a terminal onto a wire or pressing a connector onto a board, TE Application Tooling equipment and services are designed to maximize production uptime, extend tooling life and minimize manufacturing waste.

Telsonic (telsonic.com) takes an innovative path to new solutions in Ultrasonic Metal Welding and splicing.
