From wave solder and conformal coating pallets to SMT fixtures, Ascentec (ascenteceng.com) designs tooling that can reduce defects, improve productivity and solve the most challenging of problems you face in PCB assembly.

DEK, ASM's Printing Solutions Division (asm-smt.com), is the market-leading provider of SMT printing technologies.

ASM's SMT Placement Division (asm-smt.com), provides SMT Placement Systems, production optimization software, and process expertise.

CyberOptics Corporation (cyberoptics.com) provides SPI, AOI, and CMM for SMT and semiconductor markets.

Desco (desco.com) is a complete ESD solutions provider offering ESD control and other products for the electronics production industry.

Despatch Industries (despatch.com) has specialized in thermal processing for over 100 years and manufactures batch and continuous process ovens.

Excelta Corporation (excelta.com) is an internationally known supplier and manufacturer of Precision Hand Tools as well as Custom Hand Tools for all types of industries.

Great Lakes Engineering (great-lakeseng.com) is a trend-setting manufacturer of surface mount stencils, precision laser cut parts, photo chemical machined and electroformed stencils, and parts.

Hakko (hakkousa.com) produces superior quality soldering and desoldering tools, hot air rework stations, smoke and fume extraction systems, and a wide assortment of accessories and related equipment for the electronics industry.

Jensen Global (jensenglobal.com) is an industry leader in dispensing systems, supplies and solutions.

KIC (kicthermal.com) offers an entire generation of smart profiling technologies for reflow ovens, curing ovens, and wave solder machines.

Kolb Cleaning Technology (kolb-ct.com) is a leading solutions supplier in the development of cleaning systems for the electronics manufacturing industry.

Komax (komaxusa.com) offers a comprehensive range of wire processing machines to meet the demands of modern wire processing requirements.

Kyzen (kyzen.com) specializes in precision cleaning chemistries for electronics, advanced packaging, metal finishing, and aerospace applications.

LPMS USA (lpms-usa.com) is the world's largest Low Pressure Molding Solutions provider.

MicroCare (microcare.com) is the industry leader in fast, efficient, safe and cost-effective cleaning of PCBs during rework and repair on the SMT assembly line.

Nathan Trotter (nathantrötter.com) Established in 1789, Nathan Trotter produces high quality bar solder and solid wire for electronics assembly and industrial applications.

Protektive Pak (protektivepak.com) offers ESD solutions for material handling and packaging.

(te.com) From crimping a terminal onto a wire or pressing a connector onto a board, TE Application Tooling equipment and services are designed to maximize production uptime, extend tooling life and minimize manufacturing waste.

Telsonic (telsonic.com) takes an innovative path to new solutions in Ultrasonic Metal Welding and splicing.
